3-13-08

Meeting was held as usual at the Pizza Place in Sebree, we had 12 members present and a great meal.

This is the last newsletter you will get from me so enjoy it.

Most of the flying that our members have done this year has been indoors and electric as the weather has not been fir for man to fly at least not this man, Tina and the rest of the gang have been going down to Hanson to fly in the church gym and I have not!

The gift certificate won by Mike Morton.

Like I said the flying has been awful here it is the 27 th of February and this is the first posting I have done.

This has been one bad month for flying, I have not even gone to the field, I'm sure the rest of the guys have been doing indoor flying with the electrics and having just as much fun.

This is all I have for the month, and it is also the last newsletter that I will print, thanks to all of you for even reading it and I'm sure most of you did, I am turning it over to Keith and he will post meeting reminders for those of you who still don't know when and where the meeting is, speaking of which it is this coming Thursday at the same place as always, the Pizza Place In Sebree, at 7pm.

January

1-Robards Snowbird
