

Henderson R/C Airplane Club

Pres: Keith Benton Vice Pres: Harold Parker Sec/Tress: Mike Morton Newsletter: Dave Perez

a lot of foam was falling from the sky,

Randy is doing better but needs more practice, he is there all the time so that is a plus.

Has any one seen Block or Ken Wahl??

Nov 14-06

The regular monthly meeting was held as usual at our friendly Pizza Place In Sebree. We had 13 members present and we had a good dinner and lots of chatter.

We are going to have nominations for officers at our next meeting, so decide who you want to run for office in the club, up for vote are President, vice president, secretary treasurer, safety officer, newsletter editor, field marshal, all the other offices that we have, so nominate somebody and come to the next meeting and present your nominees, The next meeting will be on the 12th of December, than we will post them on the newsletter and vote on them in the January meeting, I know we are running behind but that's life.

Remember if you don't vote you have nothing to say about it.

Odis Clark won the gift certificate.

Wednesday 11-22-06

We had about 5 out today, Harold and Tina, Doug, Randy and I and later Larry came out to visit.

Tina and Harold and Doug flew their delta electric combat planes, seems like

Saturday 11-25-06

This is one of those days when you are glad to get up, temperature was around 65 and very light wind, and we had a good crowd out and a few visitors, quite different from what the weather man is forecasting for next week.

Harold had a radio problem with his Tiger 60, and did not do it any good, still not sure but I'm sure he will figure it out.

The weather was so good even Irish came out and flew, he has not flown in over a year and we did not even have to put him on a trainer cord, Has anyone seen Bill?

I had Mike Stone cover my Great Planes Cub, I crashed it last year and finally got it back together, he did a great job of covering, and I took it out and flew it, and it does very well, this is the cub that David Sloughfy built and gave me, thanks Dave.

Larry and Thomas Miller did a great job as always with their giant scale planes, and I almost forgot to mention Thomas Sheffer was also out, haven't seen him in a while, Darrell also came out and flew, wonder were all the rest of the club members are, oh well they will be back!

Wednesday 11-29-06

This they say is the last pretty day we are going to have for a while, it's going to get cold and nasty by Friday.

The temperature was mild to say the least and almost no wind, the calm before the storm, Harold, Tina, Doug and I went out and had a good time flying, they flew their combat foamie's and I flew my profile, Harold also flew his Citrabia.

Bill Robertson came out to visit, he has been back to Oklahoma and he had not been to the field in a while good to see him, don't know where Block and Ken Wahl are, and JT Clark has abandoned us.

Saturday 12-02-06

Cold day but Mike Stone and I went out and flew, we were the only ones out, don't really know what that means, Danny Came out just as we were packing up.

Here are two pictures of our planes, mine is a Great planes cub that Mike Stone recovered for me, it was given to me by Dave Sloughfy and the other is Mike's little bipe.

We left right after this as it was getting a bit on the cool side.

The club meeting will be on the 12th day of this month don't forget, we are going to have nominations for

club officers and we will vote on the January meeting, *I know it's a little late but we better late than never!*

12-06-06 Wednesday

Well this month is over, so is the year at least as far as this newsletter is concerned.

I started for the field today but only got as far as the hobby shop, Harold and Doug were already there and we never left.

Tina and Mr.Z were there for sure so we just made ourselves at home, we put an electric together for me, not for combat just for fun, and I went outside and flew it, does real good, glad I got it.

For all the members who have not come out and play with us, your loss.

But don't forget the meeting this Tuesday, remember if you don't nominate someone and vote you can't kick as to who gets voted in, see you there.
